IBSL Qualification Reference: IBSL3DBC

Qualification Aim

This qualification aims to further learners' experiences and development in communication Deafblind people on everyday topics daily life contexts. A Level 3 course will enable development in functional Deafblind communication to a level where there is ease in the working relationship between a Deafblind person and the communicator requiring the ability to exchange, present and understand information, ideas, advice and opinions at a normal speed.

Qualification Structure

The qualification is divided into three units as follows:

IBSL3DBCUN: Understand Varied Signed Language in a range of work (DB) contexts (F/505/9455)

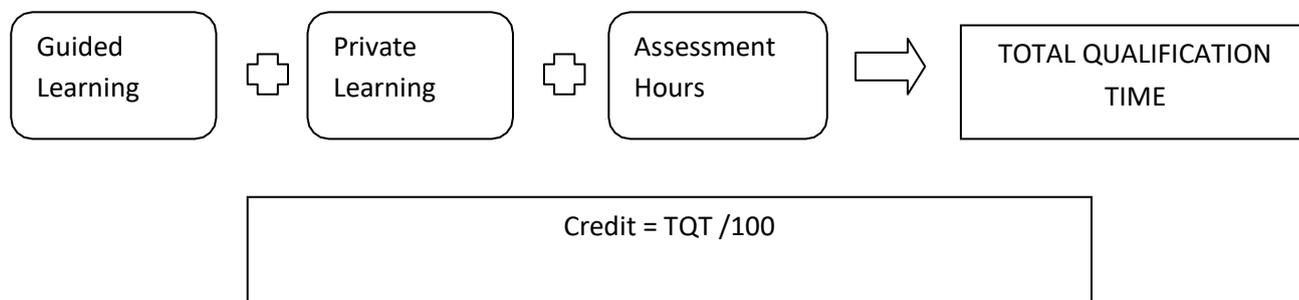

IBSL3DBCUN : Sign using varied language in a range of work (DB) contexts (J/505/9456)

IBSL3DBCC : Interact with Deafblind people (L/505/9457)

All three units can be achieved separately, but the full Level 3 Award in Deafblind Communication can only be given if there is a PASS in each unit.

Assessment procedures are detailed on the relevant unit pages.

- Understand and present information, ideas and opinions in a range of work-related and social contexts using a variety of Deafblind communication methods delivered at normal speed and in normally used social and work contexts. When using Deafblind Communication, it may be necessary at all stages to ensure that the Deafblind person is in a safe environment to conduct the conversation;

- Maintain business relationships and manage/follow uncomplicated negotiations relating to issues/concerns in your area of work delivered in Deafblind communication at normal speed and in normally used social and work registers;
- Take part in discussions relating to varied accounts, reports and instructions delivered in Deafblind communication at normal speed and in normally used social and work registers;
- Develop interactive communication skills with Deafblind people who have different cultural experiences and perspectives to your own and understand/appreciate why these differences exist;
- evaluate and reflect on performance and promote personal professional development

These objectives relate to the National Occupational Standards (2010) at Level 3 as developed by CILT, plus the National Occupational Standards for Intercultural Working (2008).

Target Group

Progression Routes

Upon completion of this qualification, learners may progress to:

- Level 4 BSL Studies
- Level 6 BSL Studies
- Level 6 Interpreting Studies

Assessment Guidelines

In a naturally occurring context, the best way to use and learn Deafblind Communication skills is through conversation and discussion with one or more Deafblind users where straightforward and informal social interaction is the norm. This means learners should be meeting Deafblind people and being able to understand and use a range of communication methods at normal speed. The interaction can be carried forward into uncomplicated, brief business negotiations within your area of work or in a social business context.

Within the interacting context, learners will be expected to understand and follow Deafblind cultural conventions within their conversations and discussions, and be able to explain if need be the cultural background in dealing with a range of varied Deafblind modes of communication and different types of Deafblind people that use these communication methods.

Good teaching practice would be to work through all units at the same time, covering all the issues in a global context.

IBSL's aim is to minimise the amount of paperwork needed to claim the qualification, but it is unavoidable that some paperwork will have to be used. Learners are allowed to use e-files if they so wish. Evidence will be collected in the following ways:

- Three conversations and discussions recorded and marked by your teacher-assessor and the relevant mark sheets, plus video-recorded evidence, stored in a coursework file (or an *e-file* maintained electronically);
- A "relay" assessment where the Learner relays a summarisation of a lecture to the Deafblind person
- One written question and answer paper will be set to cover knowledge topics in one or more units. As an alternative, this may be done in an oral (signed) version – this should also be filmed;
- One evaluative assignment

All the evidences will be collected into a simple coursework file (or *e-file* if preferred).

ASSESSMENT SPECIFICATION

There shall be three assessments forming part of IBSL3ADBUN.

Assessment 1 (as listed in the Coursework file's Learner Record Sheet) is a joint assessment with IBSL3ADBSN will take the form of a short conversation using the Deafblind Manual alphabet. The Learner will be required manually fingerspell his/her part of the conversation whilst the Deafblind participant can use whatever mode is preferred to respond to the Learner. The assessment should be video-recorded. The Teacher-Assessor is responsible for marking the assessment.

After completion of the assessment, the invigilator or Teacher-Assessor will need to complete the Application for Achievement form which must be sent to IBSL within SEVEN days of the assessment taking place, together with the Mark sheet and recording of the Learner's response. The Centre should retain a copy in a safe place as required by the Assessment Regulations.

IBSL will issue a Credit Achievement Sheet that confirms the achievement of the learner, and this should be inserted in the coursework file (or *e-file*) as evidence of their achievement. Re-sits for this part of the assessment are available upon application to IBSL if required.

Assessment 3 (as listed in the Coursework file's Learner Record Sheet) is a joint assessment with IBSL3ADBSN which will take the form of a video-recorded dialogue between a Deafblind person lasting approximately 10-15 minutes during which they will have a conversation/discussion of the Deafblind person's choice. This dialogue will be done using the Visual Frame sign language method. As part of this assessment, the Learner will be required to ensure that the Deafblind person is in a safe environment to carry out the conversation.

This will be independently observed by the Teacher-Assessor who will, after the assessment, complete a Mark sheet a copy of which should be inserted into the learner's coursework file (or *e-file*) as evidence of their achievement. The Mark Sheet must be dated and signed by both the Teacher-Assessor and the Learner.

After completion of the assessment, the invigilator or Teacher-Assessor will be required to complete the Application for Achievement form which must be sent to IBSL within SEVEN days of the assessment taking place, together with the other copy of the signed Mark Sheet and the video recording of the dialogue. The Centre should retain a copy in a safe place as required by the Assessment Regulations. IBSL will confirm the result within 28 working days, and this confirmation should also be inserted into the Learner's coursework file.

Assessment 5 (as listed in the Coursework file's Learner Record Sheet) is a joint assessment with IBSL3ADBSN which will take the form of a video-recorded dialogue between a Deafblind person lasting

approximately 10-15 minutes during which they will have a conversation/discussion of the Deafblind person's choice. This dialogue will be done using the Hands-on sign language method. As part of this assessment, the Learner will be required to ensure that the Deafblind person is in a safe environment to carry out the conversation.

IBSL will contact the Centre within two weeks to indicate whether the request has been approved.

4. Invigilator

It is the responsibility of Centres to appoint a suitably qualified invigilator to oversee and co-ordinate the receptive skills assessment (part one of the assessment process), ensuring that they are briefed and familiar with IBSL's regulations for external assessments.

5. Carrying out assessments

All assessments must be carried out under appropriate 'examination conditions', and no Learner must receive help from anyone during the assessment. The invigilator and the Teacher-Assessor must sign the appropriate Learner Assessment Record form to confirm this.

All assessments are carried out at a time agreed by the Centre, the Learner and IBSL, and each Learner must identify themselves at the start of the assessment in the appropriate place.

6. The assessment room

'Examination conditions' mean that the assessment room:

- must be identified by an appropriate sign outside the room;
- must not contain displays of material which could assist the Learner;

If the invigilator or assessment co-ordinator observes any misconduct, the assessment must be stopped immediately, and complete a Misconduct Report Form (available from the IBSL Centre Portal). The time of the action must be noted, and the Learner informed of the procedure. The Application for Achievement should be annotated with a brief statement describing the incident.

8. Emergencies

If an emergency should occur, eg. fire alarm, the assessment room must be evacuated immediately in accordance with the instructions of the appropriate authority, and a report detailing the time and date of

the incident sent to IBSL. *If there is a Deafblind person with the Learner or in the Assessment room, the Learner must assume responsibility for that person's well-being until his or her carer is able to take charge.*

Depending on the circumstances, the assessment may be:

- (a) Resumed If there has been no breach of assessment security, or
- (b) Cancelled to be rearranged at a later date or
- (c) If the assessment was almost completed, a Special Consideration form should be completed on behalf of the Learner(s).

9. After the assessment

It must be ensured that the Application for Achievement form is correctly completed and that all learners have checked their names are spelt correctly, and that they have signed the form. The form is then sent to IBSL within 7 days of the assessment taking place.

10. Moderation

IBSL will carry out moderation of all assessments as appropriate, either at source in the case of e-assessments, or in the Centre during a pre-arranged visit by an External Examiner.

11. Issue of results

IBSL will issue the results of the combined assessments within 14 working days of the final assessments taking place, together with any forms or certificates for onward forwarding to the learners.

ASSESSMENT SPECIFICATION

There shall be four assessments forming part of IBSL3ADBSN.

Assessment 1 (as listed in the Coursework file's Learner Record Sheet) is a joint assessment with IBSL3ADBSN which will take the form of a short conversation using the Deafblind Manual alphabet. The Learner will be required manually fingerspell his/her part of the conversation whilst the Deafblind participant can use whatever mode is preferred to respond to the Learner. The assessment should be video-recorded. The Teacher-Assessor is responsible for marking the assessment.

After completion of the assessment, the invigilator or Teacher-Assessor will need to complete the Application for Achievement form which must be sent to IBSL within SEVEN days of the assessment taking place, together with the Mark sheet and recording of the Learner's response. The Centre should retain a copy in a safe place as required by the Assessment Regulations.

IBSL will issue a Credit Achievement sheet that confirms the achievement of the learner, and this should be inserted in the coursework file (or *e-file*) as evidence of their achievement. Re-sits for this part of the assessment are available upon application to IBSL if required.

Assessment 3 (as listed in the Coursework file's Learner Record Sheet) is a joint assessment with IBSL3ADBSN which will take the form of a video-recorded dialogue between a Deafblind person lasting approximately 10-15 minutes during which they will have a conversation/discussion of the Deafblind person's choice. This dialogue will be done using the Visual Frame sign language method. As part of this assessment the Learner will be required to ensure that the Deafblind person is in a safe environment to carry out the conversation.

This will be independently observed by the Teacher-Assessor who will, after the assessment, complete a Mark sheet a copy of which should be inserted into the learner's coursework file (or *e-file*) as evidence of their achievement. The Mark Sheet must be dated and signed by both the Teacher-Assessor and the Learner.

The Centre should retain a copy in a safe place as required by the Assessment Regulations. IBSL will confirm the result within 28 working days, and this confirmation should also be inserted into the Learner's coursework file.

Assessment 7 (as listed in the Coursework file's Learner Record Sheet) will take the form of a one-way "relay" of information from a spoken or signed narrative delivered as part of a lecture in a college or a statement delivered at a meeting. The "relay" will be between 5-8 minutes in length and will be delivered using a Deafblind mode of communication of the Learner's choice to a Deafblind "audience" or "participant" in the lecture or meeting.

All assessments are carried out at a time agreed by the Centre, the Learner and IBSL, and each Learner must identify themselves at the start of the assessment in the appropriate place.

The Teacher-Assessor shall sign the questions from the examination paper to the Learner in such a way that no visual help can be derived by the Learner from the questions.

The time of the action must be noted, and the Learner informed of the procedure. The Application for Achievement should be annotated with a brief statement describing the incident.

8. Emergencies

If an emergency should occur, eg. fire alarm, the assessment room must be evacuated immediately in accordance with the instructions of the appropriate authority, and a report detailing the time and date of the incident sent to IBSL. *If there is a Deafblind person with the Learner or in the Assessment room, the Learner must assume responsibility for that person's well-being until his or her carer is able to take charge.*

Depending on the circumstances, the assessment may be:

- (b) Cancelled to be rearranged at a later date or
- (c) If the assessment was almost completed, a Special Consideration form should be completed on behalf of the Learner(s).

9. After the assessment

It must be ensured that the Application for Achievement form is correctly completed and that all learners have checked their names are spelt correctly, and that they have signed the form. The form is then sent to IBSL within 7 days of the assessment taking place, together with the DVD/USB and the Question paper.

10. Issue of results

IBSL will issue the results of the combined assessments within 14 working days of the final assessments taking place, together with any forms or certificates for onward forwarding to the learners.
